

# ICA Approval Letter of Entry

ICA Building  
10, Kallang Road #08-00  
Singapore 208718  
(Next to Lavender MRT Station)  
<https://www.ICA.gov.sg>

Our Ref: P/TPL/000004/2020

15 September 2020

Dear Sir/Madam

APPLICATION FOR ENTRY IN VIEW OF 2019 NOVEL CORONAVIRUS  
SERENE LOW

Please refer to your application for entry regarding the above matter.

2 I am pleased to inform that you may seek entry to Singapore between 15 Sep 2020 and 17 Sep 2020. The Immigration Officer at the checkpoints will assess your eligibility for entry, provided that you fulfil the usual entry requirements where applicable.

3 You may be placed on a Quarantine Order (QO)/Stay-Home Notice (SHN), and be required to remain at designated quarantine/SHN facilities for the duration of the QO/SHN according to prevailing health measures of the Ministry of Health at the point of entry in Singapore\*. A swab test will also be administered on you. If you fail to comply with the QO or SHN requirements, or refuse to take the swab test, you may be prosecuted under the Infectious Diseases Act or its Regulations, and ICA may cancel your immigration pass under the applicable provisions of the Immigration Act or its Regulations. It may also affect your eligibility for immigration facilities in the future.

4 In addition to the above health measures, depending on your travel history within the last 14 days prior to arrival, you may be required to take a COVID-19 polymerase chain reaction (PCR) test within 72 hours before departure, and present a valid negative COVID-19 test result to your airline for boarding, and to the immigration officer upon arrival in Singapore. You may also be required to take a Serology test during the period of your SHN. Failure to do so would result in you being refused entry into Singapore and/or your immigration pass being cancelled under the provisions of the Immigration Act or its Regulations. Please refer to <https://www.ica.gov.sg/covid-19> to find out more about the prevailing border control measures.

5 If you hold a visa-required passport/travel document, you would need to separately apply for and obtain a valid Singapore visa prior to your departure. Please submit your visa application via ICA's e-service through a local contact/ authorised visa agent with this Approval Letter for Entry as a supporting document, 2 working days after obtaining this Approval Letter. If you already have an existing valid visa, the visa suspension will be lifted when this Approval Letter for Entry is issued to you, and you need not apply for a new visa. You can check your visa status via <https://eservices.ica.gov.sg/esvclandingpage/save>.

6 You must submit your arrival information, including your health declaration, using the SG Arrival Card e-Service (<https://eservices.ica.gov.sg/sgarrivalcard>), up to three (3) days before your entry into Singapore. Please produce this letter to the immigration officer upon arrival in Singapore.

## Important to Note:

- (i) This approval letter is good for a single entry.
- (ii) Health measures are adjusted and may change at short notice in line with the COVID-19 situation abroad and the assessed risk of importation from arriving travellers. This approval letter may thus be rescinded at any time according to the COVID-19 situation. If the prevailing health measures at the point of your arrival requires you to serve your SHN at designated SHN facilities, you will need to pay for the cost of your stay at the SHN facilities. Refusal to do so would result in you being refused entry into Singapore.
