Approval for SafeTravel Pass Application for Travel to Singapore

Dear Mark,

A SafeTravel Pass application was made on your behalf at the request of your host, MINISTRY OF HOME AFFAIRS (MHA) (Contact details: Org POC John, +6577777777, xxx@gmail.com).

2.   **We are pleased to inform you that your SafeTravel Pass application has been approved for your travel to Singapore, and is valid for a single entry to Singapore from 08 Jun 2020 to 14 Jun 2020.** This approval is subject to full compliance with the terms and conditions as set out in https://safetravel.ica.gov.sg/terms-and-conditions/, and all prevailing immigration and health policies.

3.   This SafeTravel Pass approval is **not** a visa. Travellers holding passports which require a visa for travel to Singapore must obtain a valid visa before the trip. You may refer to the Immigration & Checkpoints Authority (ICA)'s website for more details on visa requirements and application. If you have a valid visa which was suspended due to the COVID-19 pandemic, ICA will lift the suspension for the validity of your earlier approved visa and you will not be required to obtain a new visa. You may check your visa status through https://eservices.ica.gov.sg/esvclandingpage/save.

4.   Upon your arrival in Singapore, you will be required to take a polymerase chain reaction (PCR) test at your own cost. Please click here to register and make payment for the test before arriving in Singapore.

5.   Please note that any Visit Pass issued to you is subject to the accompanying terms and conditions. The terms and conditions for the SafeTravel Pass can be accessed via this weblink: https://safetravel.ica.gov.sg/terms-and-conditions/. Non-compliance with any of the Terms & Conditions may result in you being refused entry or your Visit Pass being cancelled.

6.   Please bring an electronic or physical copy of this letter and show it to the airline staff upon check-in before boarding the plane, and at the ICA's checkpoint upon arrival in Singapore.

Thank you.
