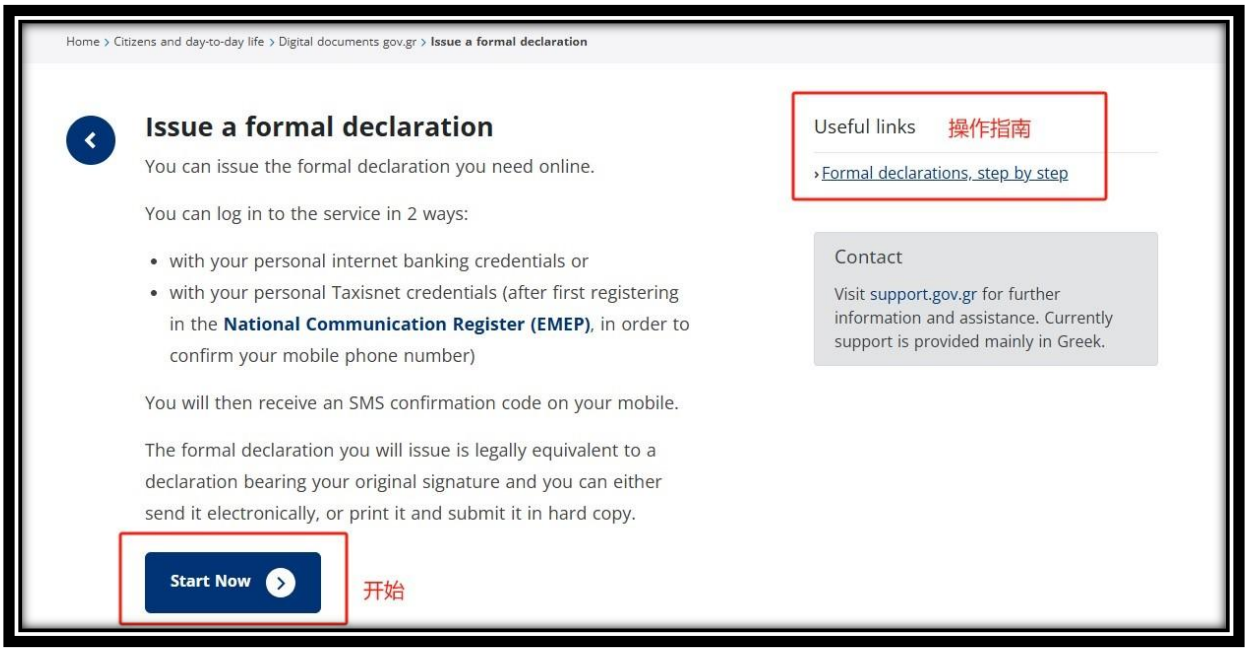
Verify an e-Apostille



Home > Citizens and day-to-day life > Digital documents gov.gr > Issue a formal declaration
Issue a formal declaration
You can issue the formal declaration you need online.
You can log in to the service in 2 ways:
with your personal internet banking credentials or
with your personal Taxisnet credentials (after first registering in the National Communication Register (EMEP), in order to confirm your mobile phone number)
You will then receive an SMS confirmation code on your mobile.
The formal declaration you will issue is legally equivalent to a declaration bearing your original signature and you can either send it electronically, or print it and submit it in hard copy.
